CONDITIONAL ACTIVITIES

The Conditional Activities Add-On installs an optional lock, which can be used for all learning activities placed within an EasyCampus page. This enables more precise, sequential learning (e.g., a video viewed before a quiz and certificate).

Steps

1. Select a Page
2. Add a Lock
3. Define the Lock
4. Test

Lock Types

- Access Lock – Page is locked until a selected activity is accessed
- Grade Lock – Page is locked until a specific grade on an activity is attained
