## FORM MAKER

The Form Maker Add-On lets EasyCampus administrators create and label forms with defined fields. Entries are stored as a block for convenient processing and can be downloaded as a spreadsheet. Notifications of new form activity can be sent to a specified email address to avoid having to log in.

## Steps

- 1. Add the Form
- 2. Set Up the Form
- 3. Add Entries
- 4. Add to Landing Page or Course
- 5. View Responses

## **Field Types**

- Any value (including null)
- Not null
- Only numbers
- Only letters (with spaces)
- Date
- Email
- Custom Expression

## Sample Screens

Data provided by user. One field per line. E-mail is an automatically	First Name	Any value, even null
